The following three OPMDR documents have been added to the FTP site:

- OPMDR Submittal Memorandum
- Hydraulic Control and Containment (HC&C) System Operations and Maintenance (O&M) Manual
- HC&C Capture Performance and Monitoring Plan (PMP)

The OPMDR Submittal Memorandum and the HC&C PMP are included as pdf files. The HC&C O&M Manual is located in a separate folder that contains a pdf file of the Manual (without appendices) and separate folders for each of the Manual's appendices.

Please note that the Groundwater Treatment System (GTS) O&M Manual is not included in this transmittal. The GTS O&M Manual is in final production and will be provided to DEQ next week.

Please let me know if you have any issues accessing the FTP site or downloading the documents.

Thanks,

Ben Hung, P.E.
